## A Change in Scenery in the Southport Community

Throughout the month of August, Southport visitors noticed a high level of construction vehicles as the demolition of the Warehouse Building began!

Prior to when Southport Aerospace was formed in 1991, the Warehouse Building was used for storage and distribution of the base's uniforms and kits. In the time since, the Warehouse Building was utilized for manufacturing and storage by Atkins & Pearce Inc., NutriPea, Cobbe's Plumbing & Heating LTD., and Roquette.

The decision to have the Warehouse Building demolished and the site leveled was made in preparation for future growth!

The demolition has certainly changed Southport's scenery, but was the first step towards welcoming many new and exciting projects to the community!

# Facilities Update

In August, the focus of the Facilities Maintenance Team's remained on residential unit renovations in order to have them completed before the winter season.

At the end of August, the team said goodbye to their seasonal students who supported the team throughout the summer. The students worked hard through various tasks and projects while continuously taking care of and watering the flowers that beautify the Southport community for all to enjoy. Thank you for all the hard work, Faith Buhler and Brooklyn Buhler!

Southport thanks the Facilities Maintenance Team for their continuous hard work and dedication in maintaining the community, making it a beautiful place to live, work, and play.

## Gru and His Minions Take Over Southport

Every summer, Southport shows its appreciation to the residential tenants that call Southport home.

On Wednesday, August 24, Southport once again partnered with Prairie City Cinema, to provide the newly released Illuminations film, Minions: Rise of Gru, and complimentary drinks and popcorn for all Southport residents and staff.

The annual residential tenant appreciation event has continued to be a great way to connect with our tenants and showcase our growing community.

Southport looks forward to future events and thanks Prairie City Cinema for making this night very successful!
